Projects

My-Detail
A form method for collecting details from students or anyone.
- I have completed this project on my own.
- Where I learnt how to make forms and a responsive page.
- **LINK : https://my-detail-with-wpa.com**

Portfolio

It is a simple webpage to showcase your skills.

- I made this whole site using my frontend skills.
- And some Youtube tutorials.
- Tech-stack : HTML, CSS, Javascript.
- **LINK : https://my-portfolio.com**

Floral : Landing page
A landing page which is used to showcase a business .
- It is made using tech stack HTML and CSS.
- This is easy work but making it responsive is not.
- **Link : https://floral.com**

Academic and Extracurricular Achievements

- **4 star** at **HackerRank**
- At the time of Science Day, I have acquired **Third Rank** in Exhibition society.

Positions of Responsibility

Science Day Project | Leader
- I have managed and helped my team members.
- I have explained the idea behind the project so that we can work on them.
- Here I have learnt how to maintain a team.
